Ladies and Gentlemen,

I am writing in support of SB 816. With budgets at all state levels extremely tight, it is important that there are mechanisms in place to adjust funding from the state for each of it's towns. With the loss of CT Yankee our grand list took a huge hit and we're losing out on much needed funds. I choose to live in a state and town with high taxes, BUT I do not believe we should be penalized because funding is locked in place. Not only should SB 816 but there should be adjustments made on a regular basis so this doesn't happen again in Haddam or elsewhere. As Sen. Linares, says, "This is a fairness issue."

Sincerely,  
Dan Dachelet  
Haddam Resident
